

A man with a beard and short hair is sitting on a large, textured rock. He is wearing a dark t-shirt with a graphic design, dark pants, and sneakers. He is smiling at the camera. The background is filled with dense, leafy plants. The image has a dark, moody color palette with a blue tint on the left and a brownish tint on the right.

Backend Developer

# About me

---

My professional career has focused on software development, with preference to the backend part. I like to be in constant learning and take on new challenges. I am from the city of Bucaramanga, there I grew up and did my undergraduate degree. Looking for new opportunities I settled in Bogotá where I developed my work and continued my studies. In my free time I like to do sports, whether it be walking or cycling routes
